# AMPLICALL 6
## Smart bulb

Examples of use:

With Geemarc AMPLICALL1 and 20

*Pack AC20-6*

Standard light mode

## DESCRIPTION

The AMPLICALL 6 is a bulb compatible with our AC16 and AC20 systems.

This bulb can be used for multiple functions.
Depending on the product it will be connected to, it will warn you visually:

- when someone rings your doorbell or uses your intercom
- when your baby cries in the bedroom, etc...

A remote control (15m range) supplied with the bulb will allow you to switch the light on or off or use it as a standard light.
Two brightness levels are available:
- low mode
- regular mode.

## CHARACTERISTICS

- Radio technology: 433 MHz
- High performance LED
- Supplied with a radio remote control which allows to:
  - switch the bulb ON/OFF
  - adjust the brightness level (2 levels)

## TECHNICAL

- Power: 5W LED (low-energy) (equivalent to 65W incandescent)
- Colour temperature: 5000K
- Power supply: 230V
- Lamp foot: E27

## OPTIONAL EXTRA

- AMPLICALL 6LR: additional remote
